Hiring Manager

Quest Diagnostics

Buffalo, NY

Dear Hiring Manager,

I am writing to express my strong interest in the Phlebotomy Technician position at Quest Diagnostics. As a dedicated student at the University at Buffalo pursuing a unique dual path in pre-medical studies and accounting, combined with my active Certified Phlebotomy Technician (CPT) credential, I am eager to contribute to your team's reputation for excellence, accuracy, and patient-centered care.

My educational journey has given me a strong set of organizational and communication skills, as well as a strong attention to detail. This will allow me to ensure that every patient I reach has a safe and comfortable experience. It has taught me to treat everyone with respect and dignity, and to ensure that I am always performing my job to the best of my ability, regardless of the circumstances.

As a certified technician, I am fully competent in performing safe, efficient blood draws while maintaining a calm and reassuring demeanor to minimize patient anxiety. I thrive in structured, fast-paced environments and pride myself on my communication skills. I am highly motivated to leverage my diverse skill set to deliver accurate results and an outstanding patient experience.

Thank you for your time and consideration. I welcome the opportunity to discuss how my clinical training, meticulous nature, and dedication to healthcare excellence align perfectly with the needs of Quest Diagnostics.

Sincerely,

Noor Salim
